Meeting Announcement

Aircraft Hangar Fire Protection and FM Global Data sheet 7-93, Aircraft Hangars, Aircraft Manufacturing and Assembly Facilities

Mark will be covering the FM Global approach to fire protection and the recent changes to their data sheet associated with these facilities.

Mark is the Operations Chief Engineer for the Northwest US with FM Global. With over 37 years of experience in fire protection engineering, he is the main liaison between NW field operations and FM Global corporate Research. Prior to joining FM Global, Mark was a consulting engineer for fifteen years, and is a professional member of SFPE.

This month's SFPE luncheon is Thursday, January 11th, at the Lake Oswego Fire Department. The lunch starts at 11:30 and the presentation is from 12:00 to 1:00 PM. If you would like to RSVP, please email to events@cascadesfpe.org by Monday the 8th and we will be sure to save a seat. The lunch is \$25 for non-members and \$20 for members.

If you know someone who would be interested, please feel free to forward the information as all are welcome.

NEW January meeting location:

Lake Oswego Fire Department
300 B Ave, Lake Oswego, OR 97034

**Get Connected
Get Involved
It's Your Chapter!**

Please be sure to set a recurring meeting on your calendar for the 2nd Thursday of the month!

Branchlines is the official newsletter of the Cascade Chapter of the Society of Fire Protection Engineers and is published to provide information about Chapter activities.

Branchlines also seeks to provide the members of the Chapter with stimulating dialogue in the major areas of fire protection; Basic and Applied Research; Engineering, including standards development; Prevention, including education, inspection and enforcement; Early fire Detection, Alarm and Suppression, both automatic and manual.

SUBSCRIPTION: Branchlines is sent to all current members and friends of the Cascade Chapter of the Society of Fire Protection Engineers. Anyone interested in joining may download an application from our web site by visiting, <http://www.cascadesfpe.org/>.

"The techie-dominated Web holds limited appeal for today's mainstream consumers."
Jupiter Communications, August 1996

"The Internet is now big enough that it qualifies as a mass market"
Vinton Cerf, President, The Internet Society, 1995
